Three have king beds, and one has two twins that can be connected to make a king. All bedrooms are equipped with flat screen satellite TVs.

You'll spend most of your time outdoors enjoying the stunning vistas from the expansive upper and lower decks, and in the 12' x 24' swimming pool overlooking the view. The covered upper porch features a comfortable seating area from which to watch the ever-changing sunsets, and a large outdoor dining table. The lower pool deck is perfect for lounging in the sun or gazing at the stars.

The entire compound was designed for entertaining, from vast outside patios and verandas, to formal indoor spaces, that include an open-air bar. The beautifully landscaped pool area includes a large, tiled spa with waterfall.

Ocean Palm Villa

We are looking forward to another trip to St. John. Ron and I usually select a place we have not visited for each vacation. However, I enjoyed St. John, the last two Christmas trips, so much that I am planning another trip to the island. I may do one this summer. I even suggested, to Ron, we look into investing in a villa ourselves so I can visit when I please, and then we could retire in St. John. LOL. Oh, I almost forgot; thank you so much for your assistance with everything.

Hope to see you in the near future.
